Rules to regulate the destruction of Judicial records filed in Revenue Courts under the Madras Estates Land Act I of 1908.

An index in the form prescribed in Appendix A hereto annexed shall be put up with the record of every case on its first institution in each Court and each paper as it is filed with the record shall be entered in such index.

4. Where any document of which the destruction is ordered by these rules is, before it has been destroyed, made evidence in any other suit or proceeding the rule regulating its destruction will be the rule applicable to evidence filed in such suit or proceeding where the period prescribed by such last-mentioned rule is in excess of the period prescribed by the rule which originally governed its destruction.

5. In January of each year a notice shall be published in the District Gazette and shall also be affixed to the Court's notice board, specifying the documents filed by parties which will be destroyed during the ensuing year, the cases to which such documents appertain, if any, and the dates on which they will be destroyed and giving warning that unless previously reclaimed by parties duly entitled, if any, before the said dates, destruction will, without fail, ensue. All documents reclaimed by parties duly entitled shall be returned to such parties under orders of the Court

6. When the dates fixed for destruction have arrived, the Court shall direct that the records liable to be destroyed be destroyed by being burnt in the presence of the record-keeper or other supervising official.

7. Revenue Courts are not debarred from retaining either permanently or for longer periods than those prescribed in the Appendix B any records included under the class "to be destroyed" which for any special reasons they may consider it desirable to preserve.

8. A list of papers selected for destruction should be submitted to the Court for sanction and a stamp "Destroyed" impressed on each entry in the list after destruction.

9. Nothing in these rules contained shall be deemed to authorise the destruction of any document filed by an officer of Government or produced by such officer upon summons. If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order and being put right.

3. *Typewriting*.—Heads of institutions who are desirous that their pupils in this subject should be examined in batches, should make the necessary arrangements with the Chief Superintendent *somemonth three days* before the examination in the subject and furnish him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At least *every four* candidates must have *one* machine among them for the batch examination.

Instructors of institutions concerned will be allowed into the examination room *in the intervals between the examinations of the several batches* to inspect the machines and to remedy any defects.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate the fact to the instructor if he is waiting outside on the premises, and will permit him to enter the room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the instructor. *No extra time will be given to a candidate to compensate for loss of time while the machine is out of order and being put right.*

4. A copy of the nominal list will be posted at the school concerned a day or two before the examination, and candidates will be expected to learn their numbers from this list; these numbers are the serial numbers of the Secondary School-Leaving Certificates.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Director of Public Instruction, Madras.

(5) *No candidate will be allowed to take into the examination room, slates, books, rules sheets, manuscripts or papers of any kind.* Any one detected in the violation of this rule or having recourse to any irregular practices will be removed from the room and the occurrence reported to the Director of Public Instruction, Madras.

(6) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves including their address and furnish such evidence as may be possible of their having applied for admission in the examination at the proper time and paid the prescribed fees. The answers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(7) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared must not expect to have their answers valued. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(8) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer-books. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(9) Any answer-books sent up without the candidate's name and number affixed will not be valued. The answer-books should be fastened together at the left-hand corner.

So also loss under any one part of the Schedule may be set off against income under any other part.

(7) The amount of any bad debt (or debts) *bona fide* and upon reasonable grounds written off as irrecoverable within the year, provided—

(i) that such bad debt (or debts) has been regularly brought forward in the ledger from year to year from the date on which the debt arose;

(ii) that it has been written off to profit and loss before;

(iii) that when once a particular debt has been *bona fide* and upon reasonable grounds written off to profit and loss in one year, no portion of such debt can be carried forward so as to be set off against or taken in deduction of the profits of the next or any succeeding year.

Note.—In writing off bad debts against the income of any year care must be taken to see that the amount is not unnecessarily deducted and not deducted more than once.

(8) Interest paid on borrowed capital The assessee may be required to satisfy the assessing officer that only capital actually employed in his trade is taken into account in this connection.

N.B.—When the whole capital is not exclusively employed in the trade, only a *fair* proportion of the interest paid shall be deducted.

(b) In cases of houses owned and let by the owner for rent.

(1) Sums expended in insuring or keeping insured such houses, the deduction being confined only to the premia (including subscriptions, etc.) paid during the year upon the income accruing in which the tax is assessed.

(2) Actual expenditure during the year on repairs and renewal of houses, if such repairs are at the cost of the assessee, but not depreciation in the value of such buildings.

(3) Sums expended in collecting the rent not exceeding 5 per cent. of the gross rental. The deduction applies only to direct payments.

(4) Any interest payable to a mortgagee not in possession, whether the interest has or has not been actually paid during the year.

(5) Any rent or quit-rent paid by the assessee on account of such houses, or their sites. (Notification No 89, dated 25th February 1895, printed on pages 209 and 210, Part I of *Fort St George Gazette*, dated 5th March 1895).

(c) In cases of houses occupied by the owner for dwelling purposes under section 24 of Act II of 1886.

(1) When buildings are occupied by their owners as dwelling houses, five-sixths of the estimated annual rent thereof shall be added to the net income under Part IV and the sum total assessed, provided that, where five-sixths of the annual rental value exceeds 10 per cent. of the assessee's income from all sources whether taxable or not, the excess shall be deducted from the five-sixths of the rental value and the remainder added to the net income under Part IV.

(2) Houses reserved for the use of the owner, but not occupied by him during the period which serves as the basis of assessment

N.B.—The term *renewal* as used in the return *relates* only to such works as are intended to put the building in the same state as it was in when it was originally constructed, while any additional accommodation provided or any material alteration to the plan of the building shall be treated as an addition

When a portion of the house is occupied by the owner and the remainder let out on hire, the portions should be treated as if they were separate houses and deductions allowed accordingly, *i.e.*, either a sixth of the annual rent-value or actual expenditure on repairs and renewals, as the case may be.

EXAMPLES OF DEDUCTIONS FROM THE GROSS RECEIPTS WHICH ARE NOT ADMISSIBLE.

(1) Amounts expended by Vakils on the purchase of Law books and stationery

(2) Amounts set apart to form a Renewal Fund in cases where allowance is made for repairs under the rules.

(3) Amount set apart as Reserve Fund out of profit to meet anticipated or contingent losses.

SALE OF GREEN MANURE SEEDS.

As arrangements have shortly to be made for the collection and purchase of wild indigo [Kolingi (*Sesbania aculeata*), Kavalai (*Crotalaria juncea*), Kattavarai (*Cassia auriculata*)], seed, and as it is impossible to procure any fresh supply after August, it would greatly assist the Agricultural Department if those who require seed for sowing after the next samba crop would book their orders now, stating what quantity will be required and by when it should be supplied.

Without such co-operation between intending purchasers and the Agricultural Department, it is not possible to forecast with any accuracy what the demand is likely to be and hence many intending purchasers who put off their applications until the sowing season arrives are likely to be disappointed.

The present green manure seed depots of the Agricultural Department are—

Tanjore district.	*Madura district.*	*Tinnevelly district.*
Tanjore.	Madura.	Koilpatti Farm.
Kumbakonam.	Melur.	*South Arcot district.*
Shiyali.	Kemaram (Nilakkottai taluk).	Palur Farm.
Koradacheri.	Sholavandan.	*Trichinopoly district.*
Mangamallur Farm.	Virapandi.	Office of the Deputy Director of Agriculture, Trichinopoly.
	Chittampatti.	

All orders previously booked will be issued from the nearest depot, carriage to pay. The South Indian Railway kindly allow a concession rate of 1/6th pie per maund per mile over their system on all consignments of seed sent by goods train, which are certified by the Agricultural Department to be *bona fide* green manure seeds.

Owing to the rise in wages in the area where the seeds are collected, it may be necessary to advance the price of the seed from 2 annas to 2 annas 3 pies per Madras measure.

All orders for seed from districts south of Madras should be addressed to the Deputy Director of Agriculture, Southern division, Trichinopoly.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 0·14 inch, the average due for the same period being 1·23 inches
